

CLIENT'S OWN TABLE MEASUREMENTS

SNT Home-904.395.1858

- ✓ To ensure accuracy use a metal measuring tape. Do not use a cloth tape measure.
- ✓ Record your measurements in the space provided and double check your numbers for accuracy.
- ✓ Take a full photo of the table.
- ✓ Oval or Odd shaped table require a template with proper measurements recorded on the template.

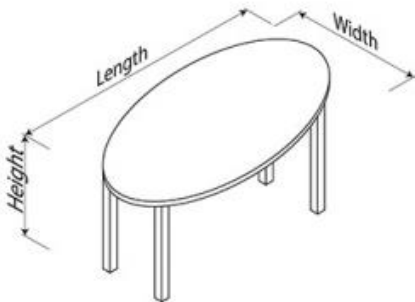

Square Tables

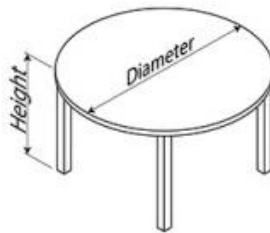

Rectangular Tables / Benches

Record your numbers right on your table image.

Oval Table / Rounded Edges Bench

Round Tables

Accurately choose your length:

* The drop length is the measurement from the edge of the table to the desired finished length of the tablecloth. The most popular drop lengths are:

- Floor Length**—from the edge of table to within ½" off the floor.
- Dining Length**—from the edge of the table to 1" off the chair seat.
- Formal Length**—from the edge of the table to a drop of 18" to 24".

I have been given the opportunity to have SNT Home professionally measure my table and declined. By providing my own measures I release SNT Home of any responsibility of final product outcome. By signing below, I approve these measures and accept full responsibility for their accuracy.
